

# ALEJANDRA M

## Junior UI/UX Designer

### ABOUT ME

I am a passionate UI/UX designer in training eager to grow in the field. Creative thinker with a strong interest in user-centered design, skilled in Figma (autolayout, local variants) AI skills. Continuously learning and improving.

### EDUCATION

Minuto de Dios University 2019 - 2024

- Bachelor degree in languages English and Portuguese

Coursera 2023-2024

- Basic design aspects and user experience

Platzi (2025)

- Patterns and Components in Design Systems (17hrs)
- Figma advanced techniques (21hrs)
- Course on mobile prototype designs (26hrs)
- Course on design systems (17hrs)

### SKILLS

Management Skills	<div style="width: 60%;"></div>
Creativity	<div style="width: 60%;"></div>
Digital Design	<div style="width: 60%;"></div>
Critical Thinking	<div style="width: 60%;"></div>
Figma	<div style="width: 60%;"></div>
Framer	<div style="width: 60%;"></div>

### LANGUAGE

Spain - English - Portuguese

Bogota, Colombia

### EXPERIENCE

#### Tripfinder - Mobile first

Apr to Nov 2024

- I designed an intuitive interface for trips aimed for women. Applied user-centered design and usability principles. Used Figma to create wireframes, prototypes, and reusable components. Implemented autolayout and local variants to improve design scalability.

#### Dollar city - Mobile prototyping

Nov 2024 - Jan - 2025

##### design

Conducted user research to identify needs and pain points. Developed a cohesive design system with accessible typography, colors, and components. Created an optimized user flow to enhance navigation and overall experience.

#### Tucredit - web design

Jan - Jul 2025

Created a UX/UI concept for a mortgage loan process focusing on usability and user confidence. This is a personal UI design project focused on simplifying the first step in applying for a mortgage loan. I designed a fictional banking platform that allows users to explore mortgage options in a more modern, friendly, and self-guided way. By using figma and framer
